Hi Ken,

It looks like our comments on the waste rock sampling plan amendment was sent last week, but with Thanksgiving, it must not have reached you yet. You should see it in the next couple days we assume. Attached is a PDF document of the mailed comments.

Also included are some follow-up comments from the 2012 annual waste rock monitoring report to be incorporated (as possible) into the 2013 report.

Peter

Rebecca, Paul and Peter,

We sent this Revision Request out earlier this year and we were hoping to get an update on its progress.

I attached the letter and the Proposed Revised Sample plan.

Let me know if you have any questions.

Thank you,

Ken Ezpeleta
